myON Reading Program

Our district has purchased a summer subscription to myON for every Pre-school-Grade 6 student. What is myON? myON is a personalized digital library that offers unlimited access to thousands of digital books, matched to each student's interests, Lexie reading level and grade level, along with literacy tools that encourage engagement and achievement. Students can access myON online with any web-enabled device and offline using free mobile apps for iPad, Android, Chromebooks and Kindle Fire HD-making it possible for them to read wherever they are and whenever they want to read.

The district will send out further information and hold an informational meeting in the month of May to further explain our summer reading program and offer a demonstration of myON.
