#### **\*\*2017—2018 AIR TESTING Information\*\***

We will be participating in the Statewide AIR Testing during the 2017—2018 School Year. All tests will be completed on a computer, unless otherwise specified or pre-determined. Students are continually exposed to resources and learning that will greatly prepare them for these tests. However, please note that we do not want any undue pressure or anxiety put onto your child. The AIR tests are simply one measure throughout the year and certainly not the most important one.
