Aristocats

## ✧ *Outside Recess* ✧

*Winter weather is upon us, and we will continue to go outside for recess unless the temperature feels like 20 degrees or below. If recess is outside and there is snow on the ground, students may play in the snow if they bring the following items: hat, gloves or mittens, boots, snow pants, and a winter jacket. If students do not have these items they will be limited to the blacktop. We encourage all students to participate in outside recess, so it is important to make sure that students have proper attire for the current forecasted weather.*

*If it is too cold to go outside for recess, students will have inside recess. Recess may consist of watching a movie. A list of movies that could be viewed during recess are listed on the left-side of the newsletter. All movies that will be viewed during recess are rated G. If you would prefer that your student opt out of viewing a movie, please, feel free to contact me at [eggerton.genelle@lexington.k12.oh.us](mailto:eggerton.genelle@lexington.k12.oh.us).*

*It is our goal to go outside during recess as much as the weather allows. However, as we all faced this past week, sometimes the weather limits our goal. Again, if you have further questions, please, feel free to contact me.*

*In Service to Children,*

*Mrs. Eggerton*
