Requests

Many are already looking ahead to the 2016-2017 school year. In doing so, please be aware that we are unable to honor parental requests for children to have particular teachers. Any concerns that might negatively affect the placement of a child must be brought to the building principal's attention, in writing, no later than Monday, April 25th.

Every effort is made to distribute the children among the classrooms fairly and heterogeneously. We take into consideration many factors to help ensure that each and every student has the best possible educational placement and environment.

Please understand that our efforts are in doing the best that we can for all children.
