Message from the Principal

Dear Student and Parent,

Welcome to Lexington Junior High School. It is an honor and pleasure to have you as part of our Lexington Junior High family! The teachers, staff and administration are excited to join you on your educational journey this 2022-2023 school year. Junior High is a time of exploration and growth as an individual. We encourage all students to experience as many academic and extracurricular endeavors as possible. Lexington expects excellence and it is our goal to stride past excellence and become “difference makers” in our community.

We must have an environment that fosters the growth of our students. Therefore, Lexington Junior High has outlined the high academic and behavioral expectations that are vital to our success. This handbook will serve as a valuable resource to assist students with their understanding of these expectations. Students and parents are encouraged to familiarize themselves with the policies and programs of the Junior High School. Please read this handbook carefully. Contact the office if you have any questions or concerns.

I am excited to share this journey with our amazing students here at Lexington Junior High. We hope to help educate and build high character at Lexington. This goal will become realized with the support and guidance of the staff, administration and community.

Aristotle expressed how we become excellent in what we do:

“We are what we repeatedly do. Excellence, then, is not an act, but a habit.”

Welcome and Good luck!

Lexington Junior High School Philosophy

The Junior High School program will provide educational activities and experiences in which students can discover and develop their own abilities. The school will provide an intellectual basis for understanding, appreciating, and interpreting our society, its culture and its history. It will also promote curiosity and creativity and the mastery of the basic skills in science and math. Through a variety of curricular and extra-curricular activities, the Junior High School will provide the students with the skills of independent study and work, and the atmosphere that encourages self-discipline, respect for self and others, and growth of moral and ethical values.

Title IX Regulations Compliance

The Board of Education of the Lexington Local School District, in compliance with the rules and regulations pertaining to nondiscrimination on the basis of sex under federally assisted programs and activities, has established a grievance procedure whereby a complaint related to violation, interpretation or application of Title IX Rules and Regulations may be quickly and smoothly resolved.

Students are eligible to participate in this grievance procedure by addressing the complaint in writing to the Title IX Compliance Coordinator.

Homework Policy

LJH is committed to a good homework policy and supports the use of homework as an integral part of the learning process. It is also felt that homework, properly designed, carefully planned and geared to the development of the individual student, meets a real need and has a definite place in the educational program.

The purpose of homework should be to complete, to reinforce and to enhance the learning taking place in the classroom. The value in homework is the experience it gives a child for developing independent thinking, in accepting responsibility, and in giving parents the chance to become involved in the learning process.

Guidelines:

1. Students can expect to do at least 1 hour of homework a night on the average.
2. Homework is to be used to assess learning.
3. In most cases, homework will not be assigned over vacation periods.

Student Responsibility:

Students that decide not to do homework can expect several possible things to happen:

1. Parent notification that a problem exists.
2. Lowering of the 9 week grades.
3. Visit to the Guidance Counselor, Principal, or Dean of Students.

Parent Responsibility:

1. Provide a quiet place for homework to be done.
2. Parents should discourage cheating or copying of another student.
3. Parents should monitor and take responsibility for homework assignments being completed on time.

Scholarship

A. Grading Policy

In 1966, Lexington Local Schools adopted a standard grading system. In general, the letter grades denote the following:

A - Excellent
B - Good
C - Average
D - Poor, but passing

F - Failure
I - Incomplete
WP - Withdrawn passing
WF - Withdrawn failing

Grades may be considered incomplete if a student is absent and has missed required assignments; assignments are incomplete, or unsatisfactory.

In cases of cheating, the student will receive a zero (0) on the test or project and the letter grade for the 9 weeks will be reduced accordingly. Repeated offenses of cheating may result in more severe action.

Specifically, the letter grades denote the following:

A+	100 - 97	4.0
A	96 - 93	4.0
A-	92 - 90	3.67
B+	89 - 87	3.33
B	86 - 83	3.0
B-	82 - 80	2.67
C+	79 - 77	2.33
C	76 - 73	2.0
C-	72 - 70	1.67
D+	69 - 67	1.33
D	66 - 60	1.0

*Grades are not rounded to the nearest point, i.e. 92.99 = A-

B. Promotion

Every student is expected to achieve a passing average "D" or better in each of his/her classes in order to be promoted to the next grade. A student who fails two or more subjects will be considered for retention. The building Principal is responsible for determining the eligibility of each student for promotion.

C. Honor Roll

All students who receive a grade point average of 3.5 or above in all subjects for the grading period are placed on the Honor Roll. Any student who is on the Honor Roll each 9 week period will receive special recognition at the end of the year Awards Program.

Any student receiving *Incomplete* or *Unsatisfactory* marks on grade cards will not be placed on Honor Roll.

EXAM POLICY

Students will take periodic unit exams throughout the school year. Each exam will count as a major test grade. Exams will be kept to a minimum during the grading period that State Assessments are scheduled.

An exam will be comprehensive for the current unit. However, basic skills that have been taught during the year would naturally be expected to be known to answer certain types of questions. Examples of this might be basic writing skills or concepts in English that were taught early on and built upon during the year or something like factoring in math.

School Policies

Bus Regulations

Students residing more than one (1) mile from school are eligible to ride a school bus. The following regulations should be observed when riding the bus:

1. The bus driver is in charge at all times.
2. Students will be expected to respect private property and school property at designated bus stops and wait for the bus in an orderly manner.
3. Good citizenship and cooperation are essential at all times for the mutual safety and efficiency of our pupil transportation system.
4. No smoking or disorderly conduct will be permitted on the bus at *any* time.
5. Lack of cooperation will result in suspension of riding privileges.
6. Students are to enter the building immediately upon leaving the bus, or when the bell rings for students to enter the building. Students are *not* to leave the school grounds.
7. At the end of the school day bus students are to report directly to the bus loading area.

Students will be permitted to ride late buses only in cases of extreme emergency. Generally, this includes teachers keeping students to help them (*not a detention*). Written permission of the Principal is needed to ride any bus other than your own.

A written request from the parent is required for a bus pass. Students are to bring this request to the office first (1st) period. If the Principal approves the request, a bus pass will be issued.

Messages and Deliveries from Home

Any messages or deliveries to be given to a student must be taken to the Main Office, from which they will be given to the student.

Medication

Students who must take medication at school are required by law to have the school medical form completed by a doctor and on file with the school. These forms can be picked up at the Junior High office.

Textbooks

At the beginning of the year, students must write their name in ink on the inside front cover of their textbooks, workbooks, and notebooks.

In the event textbooks are lost and not found within one week, the student should report it to the teacher. A second book will be issued to the student until the lost book is found. If the lost book is not found, a replacement cost must be paid.

Every board-owned textbook must be covered by the student who is using it.

Before School

8th grade students will enter the building and report to the cafeteria. They will remain on the Junior High side of the cafeteria until dismissal. 7th grade students will enter the building and report to the gymnasium. Students are to stay in their assigned area and will not enter the main building until dismissed at 7:25 am. The Tardy Bell will sound at **7:35 am**.

After School

Students must be out of the school building and off school property by **2:45 p.m.**, unless under supervision of a teacher/coach, or having permission from the main office. Students staying after school for club meetings should make arrangements for transportation in advance of the meeting date. While waiting for transportation to arrive, students are to wait by the door or outside of the building.

Plagiarism

Any student caught copying information directly from the Internet or any other written source will receive an automatic failing grade for that assignment without the opportunity for make-up work.

Selling Items/Posters

Students are not permitted to sell any items to the general public, school employees or fellow students unless it is through an in-school student club or organization. School related groups can sell items to the students with the approval of the superintendent or building principal, and shall be responsible for all accounting procedures. No commercial enterprise can use the school as a source for advertising. Posters of any kind must be approved by the principal before being displayed on walls or bulletin boards.

Study Hall Guidelines

Students are to enter and leave the study hall rooms in a quiet and orderly manner, and take assigned seats as soon as they enter. Study halls are a place to study. They are **not** a place for visiting friends, talking, or disturbing others. Therefore, students must have work to do in all study halls. Locker, Clinic and Restroom passes are given **only** in case of emergency.

Health Policy

It is recommended that any student having a fever of 100 degrees or above, not remain in school. Students should not return to school until they are fever free for 24 hours without any fever reducing medication. Any student with evidence of an acute communicable disease should be separated from others immediately. Skin eruptions or rashes are considered communicable until a professional medical opinion is expressed.

Extracurricular Activities Attendance

Students may not attend extracurricular activities, such as athletic events or student organization meetings, if they have been suspended from school, expelled, or specifically instructed not to attend for disciplinary reasons. Any student not in attendance for at least half of the school day shall not participate as a spectator or participant in any extracurricular activities the same day, unless they have been excused by the principal in advance of that day.

Attendance

There is a close relationship between student attendance and academic achievement. Absence is one of the greatest causes of poor school work and failures. Each day is important to the student's overall educational progress. In addition to the educational deficiency, a poor attendance record is a question that occurs when employers ask for a school recommendation pertaining to a job. Students are encouraged to make every effort to be present.

State law now requires all schools in the State of Ohio to notify parents/guardians when their children are absent from school. **We are asking that parents/guardians assist us in meeting this law by calling the junior high school phone number, available 24 hours a day, at 419-884-2112 as early as possible to report your child absent.** The procedure we will follow, if not contacted by parents, is that we will make one phone call home in an effort to contact parents and notify them that their child is not in school. We will use phone numbers taken from the census data forms that are filled out by the parents, guardians, etc. at the beginning of the school year. Working together in this way will enable us to ensure the safety of all the students at the high school.

In addition to the above state law, we are requiring that upon return to school after an absence, **even if a student has left school ill with parent permission or is on medical status students will report to the attendance office before school starts with a written note from their parent/guardian, or doctor if applicable, which explains the absence.** Any student who does not bring a note from a parent/guardian upon returning to school, must submit the required note(s) by the following morning unless other arrangements have been made with the assistant principals. Notes not received within five days may result in the absence being permanently recorded as unexcused. Failure to follow the above policy will result in the student's absence being recorded as unexcused. **STUDENTS WILL BE REQUIRED TO HAVE A PARENT/GUARDIAN SIGN ALL EXCUSES, NOTES AND OTHER REQUIRED OR NECESSARY FORMS.** The note must contain: student name, date(s) of absence, reason for absence and signature and phone number of the parent/guardian. **Please be reminded that a parent request for an excused absence from school may not constitute a school excused absence.** The student will then be issued an admit slip which is to be presented to each of his teachers during the day. The slip will be returned by the last teacher whose class was missed. The teacher will return it to the office at the end of the school day. School policy states that students who are absent for 10 days during the school year, excused or unexcused, will be put on medical status. At this point, only a medical note, court excuse, death in the immediate family or principal's approval will be accepted.

In addition, House Bill 410 also addresses that excessive absences interfere with students' progress in mastering knowledge and skills necessary to graduate from high school and be prepared for higher education and the workforce. Thus, it has been put into law that districts will utilize a continuum of strategies to reduce student absence as students reach the thresholds of excessively absent, habitually truant, and chronic absenteeism. These thresholds are defined as:

Excessively Absent: Ohio Revised Code Section 3321.191(C)(1) defines excessive absences as a child of compulsory school age who "is absent with or without a legitimate excuse from school for 38 or more hours in a school month, or 65 or more hours in one school year." When a student is excessively absent from school, the following will occur:

1. The district will notify the student's parents in writing
2. The student will follow the district's plan for absence intervention; and
3. The student and family may be referred to community resources.

Habitual Truancy: Ohio Revised Code Section 2151.011(B)(18) defines habitually truant as "any child of compulsory school age who is absent without legitimate excuse from school for 30 or more consecutive

hours, 42 or more hours in one school month, or 72 or more hours in one school year.” When a student is habitually truant from school, the following will occur:

1. An intervention team of staff members and the parent/guardian will be established
2. Make three meaningful attempts to secure the participation of the student’s parent or guardian on the absence intervention team.
3. The district will develop the student’s absence intervention plan
4. If the student does not make progress on the plan within 61 days or continues to be excessively absent, the district will file a complaint in Juvenile court.

Chronic Absenteeism: Chronic absenteeism, as defined by the Every Student Succeeds Act, is missing 10% or more of the school year for any reasons. It includes excused and unexcused absences. 10% of the school year is about 92 hours of absences.

The following procedures will be used in conjunction with the Richland County Juvenile Court:

1. A warning letter will be sent home to alert the parent when a student has accumulated 12 unexcused hours.
2. A Truancy Intervention Meeting (TIM) will be scheduled with the parent and student when a student has accumulated 30 unexcused hours.
3. The parent and student are required to attend a half hour Truancy Education Program (TEP) when a student has accumulated 48 unexcused hours/8 days unexcused. Failure to attend TEP may result in an unofficial hearing at the Juvenile Court.
4. The parent and student are required to attend an Informal Court Conference when a student has accumulated 72 unexcused hours/12 days unexcused absence.
5. The parent and student are required to attend an official hearing at the Juvenile Court when a student continues to accumulate unexcused hours after the Informal Court Conference (72 or more unexcused hours).

EXCUSED ABSENCE FROM SCHOOL

Absence from school is legal and may be approved for the following reasons under Section 3301-51-13 of the Ohio Administrative Code. Absences for reasons other than those listed below will be considered UNEXCUSED. **Students will not receive credit for any work due/grades given during an unexcused absence.** UNEXCUSED ABSENCES MAY CARRY DISCIPLINARY ACTION DEPENDING UPON THE CIRCUMSTANCES.

- Personal illness
- Illness in the immediate family
- Quarantine of the home
- Death of a relative
- Necessary work at home limited to emergency conditions only
- Observance of religious holidays
- Family emergency or set of circumstances which in the judgement of the school authority constitutes a good and sufficient cause for absence from school

Board of education policy also provides for future or anticipated absences. **All future or anticipated absences should be requested in writing to the Assistant Principal or Dean of Students at least two days in advance of the future or anticipated absence.** Examples of future absences that will be accepted as excused are:

- Family vacations or family trips with a parent or guardian
- College or vocational visitations
- Farm work on the farm of parent or guardian
- Tournament level competitions with parent or guardian supervision
- Requests to be excused for tournament level competition must be made in writing and contain the name of parent or guardian who will be responsible for supervision.
- Students on medical status are not eligible

General reasons for absences such as “out of town” or “personal reasons” will require further details to determine if the absence may be excused. The final decision regarding excusing absences will be that of the building principal.

PLEASE NOTE: For permanent record reporting, a one-half day absence begins at 11:10 a.m.

APPOINTMENTS

Early dismissal will be granted for the reasons allowable for legal absences. You are encouraged to schedule appointments with your doctor or dentist other than during school hours. However, when emergency demands, the appointment should be made as early or as late in the school day as possible, or during study halls, if there is enough time. **Time missed from school for an appointment should coincide with the time period of the appointment itself as well as travel to and from the appointment.**

Please note: if you are out for an appointment longer than 2.5 hours, it will become a half-day or full-day absence. Under normal circumstances students will not be allowed to leave during the school day to retrieve forgotten items at home.

To obtain an early dismissal slip, bring a written note signed by parent or guardian requesting permission to leave, stating the reason for early dismissal and a telephone number where the signing parent may be reached for verification. **Arrangements for appointments are to be made before school in the attendance office on the day of the appointment.**

Note: A tardy is equivalent to 1 hour; a half-day is equal to 3.5 hours (11:10); a whole day equals 6.5 hours (12:05).

Make-up Work

Students who are absent from school must contact their teachers concerning make-up work. It is the student’s responsibility to take the initiative and get the work made up within the allotted time. When assignments are requested for illness or vacation, we expect the work to be turned in by the second (2nd) day after returning to school. The only exceptions on this would be if other arrangements are made with individual teachers.

After an excused absence, all make-up work must be completed within 2 days from the time the student gets the assignment, or the grade may become ‘F’. Assignments must be received the first class period after the student returns to school. Example: Child is absent Monday, child picks up assignments on Tuesday, and all assignments must be turned in during class on Thursday.

Before students will be excused for a family vacation, they must bring a note from home stating that they will be with their parents/guardian. A student must apply at the office in advance of the vacation, for an assignment sheet to be signed by each of his/her teachers.

Failure to follow this procedure will result in the time missed being marked *unexcused*.

When the student returns, all homework and tests that were due during the absence ***must be turned in 2***

school days after returning, unless designated otherwise by the teacher.

Class Absence

When students are absent from one or several classes to attend a special activity of another class or organization, they are expected to obtain the assignments from the missed class and keep up with their work. (Since students are not considered absent from school, the make-up policy does not apply.) If at all possible, students should not miss class tests for special activities.

Early Dismissal or Other Appointments

If it is necessary for a student to leave school during the day, he or she must obtain permission from the office before homeroom (1st period) before leaving the building. Permission will not be granted without written parental approval. If the student is to walk, please state this within the written request. Parents who are picking up students during the school day must call for them at the Principal's office.

Students will be counted absent one-half day if they enter after second period (9:05 a.m.) or if they leave before sixth period (12:44 p.m.). Otherwise, they are tardy.

Permission will not be granted without written parental approval. If the student is to walk, please state this within the written request. Students will be counted absent one-half day if they enter after second period (9:05 a.m.) or if they leave before sixth period (12:44 p.m.). Otherwise, they are tardy.

Tardies to School and/or Class

A student accumulating 5 total (unexcused) will result in an ISD (In School Detention). These tardies will be accumulative for the semester. An ISD will be assigned for each 5th tardy accumulated. Please note: Any student tardy to first period is considered tardy to school. **The student must have a written excuse when arriving to school.** Arrivals to school between 7:37-9:20 are considered tardy to school and from 9:21 to 12:50 is a half-day absence. Tardies resulting from a medical appointment (doctor, dentist, etc.) or tardies which were pre-arranged following school guidelines will not be counted towards the five-tardy limit. Students will start the new semester with zero tardies.

Student Services

School Counselor

You've got a friend at LJHS!

Whether you have just moved to Lexington, or have gone to Lexington Schools since kindergarten, the School Counselor is interested in how you are getting along at the Junior High. The Junior High Counselor is available to help all students who need information or assistance in making decisions. Students talk with her concerning school, home, or personal matters. Conversations between the counselor and students are private and kept in confidence.

Some of the ways a counselor can assist you are: 1) Helping you better understand your interests and abilities (interpreting test results and school records), 2) Informing you of other specialists who can help you with problems of reading, poor grades, health, etc.

3) Providing up-to-date information about the future regarding school, college, or career choices, 4) Meeting with small groups of students to discuss common problems or concerns of adolescents.

When you want to see the School Counselor during a class, you must get a pass from the classroom or study hall teacher. A special time can be reserved just for you by seeing the office secretary during free time, before or after school, or during lunch.

Schedule Change

Although schedule changes are not encouraged, there are sometimes unusual circumstances when permission is given. Students desiring to make a change should see the School Counselor. Changes will not be honored without parent permission and Principal approval.

Withdrawal from School

Students who plan to withdraw from school must report to the Guidance Counselor's office, where they will be given instructions for withdrawal procedures. All textbooks must be turned in, and all fees paid, before leaving. No records will be sent to the student's new school unless these obligations are fulfilled.

Work Permits

All students under 18 years of age, working full or part time, are required to secure a work permit from the attendance office of Lexington High School. Students may secure proper forms from their building Principal's office. The forms consist of four (4) parts and are to be completed by: 1) school, 2) physician, 3) employer, 4) issuing of the work permit at the Lexington High School. Students are reminded that their first responsibility is to the school. Work permits may be withdrawn by the school if it is felt that the job is interfering with the student's school life.

Telephones

School telephones are for business purposes. Permission must be granted by the secretary, principal, or a teacher before a student may use the telephone. Cell phones are **NOT** to be used during the school day (see Cell Phone Policy).

Speech and Hearing

Speech and hearing therapy is a service available at LJHS. If you feel you have a problem or a need, contact one of your teachers or the school counselor.

School Psychologist

The Lexington Schools are served by a full-time school psychologist. Contact the school counselor or the principal, if you feel there is a need for this service.

Teacher's Aides

Teacher's aides work with and help students throughout the year. These range from student tutors to certified adult tutors, who especially work with students who have learning disabilities. The school works closely with parents if their child is being tutored at the school.

Student Code of Conduct

Hazing is defined as doing any act or coercing another, including the victim, to do any act initiation into any student or other organization that causes or creates a substantial risk of causing mental or physical harm to any person. Harassment and Bullying

Introduction

Harassment, intimidation, and bullying of students in the school environment can substantially interfere with their ability to learn, perform, and feel safe. Therefore, any conduct, communication, activity, or practice that occurs at any time, on school property or during any school sponsored activity that constitutes harassment, intimidation, or bullying involving students shall be strictly prohibited. Any such conduct, communication, activity, or practice should be immediately reported to the building principal or other appropriate administrator.

For purposes of this policy, “school-sponsored activity” shall mean any activity conducted on or off school property (including school buses and other school-related vehicles) that is sponsored, recognized or authorized by the Board of Education.

To implement this policy and to address the existence of bullying in the schools, the following regulations shall apply:

- A. Students should report acts of bullying to teachers and school administrators;
- B. The parents or guardians of students should file written reports of suspected bullying with the building principal or other appropriate administrator;
- C. Teachers and other school staff who witness acts of bullying or receive student Reports of bullying shall notify school administrators;
- D. School administrators shall investigate and document any written report filed;
- E. Language shall be included in student code for conduct concerning bullying;
- F. School administrator shall notify both the parents of a student who commit any verified acts of bullying and parents of students against whom such acts were directed, to the extent permitted by O. R. C. 3329.321 and the Family Educational Rights and Privacy Act;
- G. Each school within the district shall maintain a list of the number of verified acts of bullying in such school and make such list available for public inspection;

Bullying behavior is strictly prohibited and students who are determined to have engaged in such behavior are subject to disciplinary action, which may include suspension or expulsion from school. The district’s commitment to addressing bullying behavior, however involves a multifaceted approach, which includes education and the promotion of a school atmosphere in which bullying will not be tolerated by students, faculty, or school personnel.

It is imperative that bullying be identified only when the specific elements of the definition are met, because the designation of conduct as bullying carries with it special statutory obligations. Any misconduct by one student against another student, whether or not appropriately defined as bullying, however, will result in appropriate disciplinary consequences for the perpetrator.

Definition of Terms

Bullying: In accordance with this policy, “harassment, intimidation, or bullying means any written, verbal, or physical act taking place on or immediately adjacent to school grounds, at any school-sponsored activity, on school-provided transportation or at any official school bus stop that a student has exhibited toward another particular student more than once. The behavior both:

- A. Causes mental or physical harm to the other student
- B. Is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student.

In accordance with this definition, the following factors should be considered before identifying conduct by a student or group of students as bullying in violation of Board policy. The determination that conduct does not constitute bullying under Board policy, however, does not restrict the right of the administration and of the board of Education to impose appropriate disciplinary consequences for student misconduct.

Location: bullying behavior in violation of board policy must occur on school grounds or at a school-sponsored activity (which by Board policy includes transportation services). Conduct that occurs off-campus is not bullying under this policy.

Ridicule, Humiliation, and/or intimidation: Bullying behavior is more than misconduct. Such behavior is marked by intent to ridicule humiliate, or intimidate the victim. In evaluating whether conduct constitutes bullying, special attention should be paid to the words chosen or action taken, whether such conduct occurred in front of others or was communicated to others, how the perpetrator interacted with the victim, and the motivation, either admitted or appropriately inferred, of the perpetrator.

Types of Conduct

Bullying can take many forms and can include many different behaviors having overt intent to Ridicule, humiliate, or intimidate other students. Examples of conduct that could constitute Bullying includes:

- A. Physical violence and/or attacks.
- B. Verbal taunts, name calling, and put downs, including taunts based on ethnicity, gender, religion, sexual orientation, or other protected and/or individual characteristics.
- C. Threats and intimidation (through words and/or gestures).
- D. Exclusion from peer group.
- E. Extortion or stealing of money and/or possessions.
- F. Repetitive and hostile behavior with the intent to harm others through the use of information and communication technologies and other Web-based/online sites (also known as “cyber-bullying”), such as the following:
 - 1) Posting slurs on web sites where students congregate on Web logs (personal online journals or diaries) – Parents, please be aware of what your child is posting on Facebook!
 - 2) Sending abusive or threatening instant messages or texts.
 - 3) Using camera Phones to take embarrassing photographs of students and posting them

- online.
- 4) Using websites to circulate gossip and rumors to other students.

Complaint Process

A. Publication of the Prohibition Against Bullying and Related Procedures

The prohibition against bullying shall be publicized by including the following statement in the student handbook of each of the district schools.

Intimidation, harassment, and bullying by any student in the Lexington Local School District is strictly prohibited, and such conduct may result in disciplinary action, including suspension and/or expulsion from school. "Intimidation, harassment, and bullying" shall mean any written, verbal, or physical act taking place on or immediately adjacent to school grounds, at any school-sponsored activity, on school-provided transportation or at any official school bus stop that a student has exhibited toward another student more than once and the behavior both:

- A. Causes mental or physical harm for the other student.
- B. Is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student.

Students and parents may file verbal or written complaints concerning suspected bullying behavior. Any reports of suspected bullying shall be promptly reviewed. If acts of bullying are verified, prompt disciplinary action may be taken against the perpetrator, consistent with his/her rights of due process.

B. Formal Complaints

Students and/or their parents or guardians may file reports of conduct they consider to be bullying. Such written reports shall be reasonably specific as to the actions giving rise to the suspicion of bullying, including person(s) involved, time and place of the alleged conduct, the number of such incidents, the target of suspected bullying, and the names of any potential student or staff witnesses. Such reports may be filed with any staff member or administrator, and they shall be promptly forwarded to the building principal for review and action.

C. Informal Complaints

Students may make informal complaints of conduct that they consider to be bullying by verbal report to a teacher or administrator. Such informal complaints shall be reasonably specific as to the actions giving rise to the suspicion of bullying, including person(s) involved, time and place of the conduct, number of people involved, and the names of any potential student or staff witnesses. A school staff member or administrator who receives an informal complaint shall promptly reduce the complaint to writing, including the information provided. Such written report by the school staff or administrator shall be promptly forwarded to the building principal for review and action.

School Personnel Responsibilities and Intervention Strategies

A. Teacher and Other Staff

Teachers and other staff who witness acts of bullying, as defined above, shall promptly notify the building principal of the event observed, and shall promptly file a written

report concerning the events witnessed. Teachers and other staff who receive student or parent reports of suspected bullying shall promptly notify the building principal of such report(s). If the report is a formal written complaint it shall be forwarded promptly to the building principal. If the report is an informal complaint by a student that is received by a teacher or other professional employee, he or she shall prepare a written report of the informal complaint, which shall be forwarded promptly to the building principal.

In addition to addressing both informal and formal complaints, school personnel are encouraged to address the issues of bullying in other interaction with students. School personnel may find opportunities to educate students about bullying and help eliminate behavior through class discussions, counseling, and reinforcement of socially appropriate behavior.

B. Administrator Responsibilities

1. Investigation

The Principal shall be promptly notified of any formal or informal complaint of suspected bullying received by any building administrator or school personnel. Under the direction of the building principal all such complaints shall be investigated promptly. A written report of the investigation shall be prepared when the investigation is complete. Such reports shall include findings of fact, a determination of whether acts of bullying were verified, and when acts of bullying are verified, a recommendation for intervention including disciplinary action. Where appropriate written witness statements shall be attached to the report.

2. Remedial Actions

Verified acts of bullying shall result in intervention by the building principal or his/her designee that is intended to assure that the prohibition against bullying behavior is enforced, with the goal that any such bullying behavior will end as a result.

Bullying behavior can take many forms and can vary dramatically in how serious it is and what impact it has on the targeted individual and other students. Accordingly, there is no one prescribed response to verified acts of bullying. While conduct that raises to the level of “bullying” as defined above will generally warrant disciplinary action against the perpetrator of such bullying, whether and to what extent to impose disciplinary action is a matter for the professional discretion of the building principal. The following sets forth possible interventions for the building principals to enforce the Board’s prohibition against bullying.

a. Non-Disciplinary Interventions

When verified acts of bullying are identified early and/or when such verified acts of bullying do not reasonably require a disciplinary response, students may be counseled as to the definition of bullying, its prohibition, and their duty to avoid any conduct that could be considered bullying.

If a complaint arises out of the conflict between students or groups of students, peer mediation may be considered. Special care however is warranted in referring such cases to peer mediation. A power imbalance may make this process intimidating for the victim and therefore inappropriate. The victim’s communication and assertiveness skills may be low and could be further eroded by fear resulting from past intimidation and fear of future intimidation. In such cases the victim should be given additional support. Alternatively, peer mediation may be deemed inappropriate to address the concern.

b. When acts of bullying are verified and the disciplinary response is warranted, students are subject to the full range of consequences.

3. In addition to the prompt investigation of complains of bullying and direct intervention when acts of bullying are verified other district actions may ameliorate any potential problem with bullying in school or at school-sponsored activities. While no specific action is required and school needs for such intervention may vary from time to time, the following list of potential interventions shall serve as a resource for administrators and other school personnel:
- a. Respectful responses to bullying concerns raised by children, parents, or school personnel;
 - b. Planned professional development programs addressing bully/target individuals' problems.
 - c. Data collection to document problems to determine the nature and scope of the problem.
 - d. Use of peers to help victims and include them in group activities.

SEXUAL HARASSMENT POLICY

The Board supports the principle of equal opportunity employment and equal educational opportunities. All persons associated with this school system including, but not limited to the Board, the administration, the staff and the students, are expected to conduct themselves at all times so as to provide an atmosphere free from sexual harassment. Any person who engages in sexual harassment while acting as a member of the school community will be in violation of this policy.
