- Calculation:

$$30 - (\text{secondary school units} \times 3) = \text{max CCP credits}$$

- The maximum number of credits allowable for a student while participating in the program is 120

How many classes can students take?

If a student enrolls in more than 30 credits for the year, the school will discuss with the student whether to:

- College: The Family Education Rights and Privacy Act (FERPA) protects student education records

What are differences between high school & college?

Accommodations

- High School: Parents and students work with high school staff to determine what assistance or accommodations can be made for students with IEPs or 504 plans.

- The grades that students earn will be on the students' college transcripts permanently

*If a student is considered “economically disadvantaged,” a school may not seek reimbursement

What are the consequences of underperforming?

- If students fail or withdraw often, future financial aid may be also impacted negatively
 - For more information, contact the college's financial aid office for details
- If students perform poorly, they may be placed CCP Probation, CCP Dismissal or on academic probation or dismissal by the college

- While on CCP Dismissal, students may not enroll in any College Credit Plus courses
- A student can request (appeal) to be reinstated in the program

Underperforming Student Rules

CCP Probation & Dismissal Appeals

- **CCP Probation:** Student may appeal to take a course in the same subject in which he or she previously earned a D, F, or received no credit
- **CCP Dismissal:** Within 5 days of being dismissed, the student may submit an appeal to the secondary school to appeal CCP Dismissal or the student may appeal at the end of the CCP Dismissal semester
