# What is College Credit Plus?

College Credit Plus is Ohio's dual credit program

- Students earn high school and college credit at the same time
- Students enroll in college courses and adhere to the requirements of the college

# What is College Credit Plus?

Students in Grades 7 through 12:

- Must complete an assessment exam and be determined “eligible” or deemed as “college-ready” for College Credit Plus
- May apply to any public college or participating private college
- May apply to multiple institutions

# What is College Credit Plus?

Students in Grades 7 through 12:

- May choose from a variety of college-level courses (as determined by placement testing)
- Must be Ohio residents
- *For students who have not lived in Ohio for 12 consecutive months (just transferring into Ohio from an Out-of-state high school) they must have a parent living and working full-time within the state of Ohio.*

CollegeCredit  
PLUS

# What is College Credit Plus?

Students in Grades 7 through 12:

- Can earn credit to satisfy both high school and college requirements
  - 3+ Credit Hours = 1 High School Unit
- Must successfully complete the courses in order to earn the credit

# What is College Credit Plus?

Students in Grades 7 through 12:

- May take classes in the summer, fall, and spring semesters
- May take courses at the high school<sup>1</sup>, college campus, or online

*<sup>1</sup>This option is available if the high school has partnered with a college or university to offer college courses at the high school*

# STEP 1

- \*Refer to the BGSU Application Check List
- \*Other colleges and their application process

# Step 2

- Students must submit college-ready assessment exam scores
- Assessment exam examples:  
ACT, SAT, OR Accuplacer
- Each college/university may have different exam requirements

At BGSU-Applicants Must Have A Cumulative GPA of 3.0  
AND

ACT-Reading Score-22 OR  
SAT-Reading Score 480 OR  
Accuplacer-Reading Score 80

# How can students participate?

- If a student's assessment scores are not deemed "college-ready," other conditions may be considered depending on the \*exam scores **AND** if the student has one of the following:

An Overall/Cumulative GPA of (3.0) **OR**

Recommendation form/letter from one of the following:

School Counselor, Principal, or Career-Tech Advisor

CollegeCredit  
PLUS

# A Closer Look At Test Scores

<u>Exam</u>	<u>Assessment Threshold Score</u>	<u>Range to be Considered</u>
Classic ACCUPLACER Reading Comprehension	80	*70-79
ACT Reading	22	*19-21
SAT Reading	480	*449-479

\*Must have one of the other criteria from previous slide.

Note-High school staff is NOT obligated to write a recommendation letter

# What does being “college-ready” mean?

**Being “college-ready” is more than just being academically ready**

- Consider emotional and social transition and college expectations
- Consider time management & organizational skills
- Are you the type of student who needs more instructional time?
- Are you the type of student who is motivated by academics and achievement?
- Does the student have a passion for learning?

**CollegeCredit**  
PLUS

# What courses can a student take?

- If taking college classes on-campus or on-line, an assigned College Advisor will help students choose which courses they can take and teach them how to register for classes.

Based on test assessment scores

Based on course prerequisites

- If taking college classes offered at the high school, the School Counselor will send a course roster and an assigned advisor will complete the registration process for the students.

# What courses can a student take?

- Courses can satisfy high school graduation requirements

School Counselors can help students understand requirements and course substitutions

- Schools might have additional requirements in addition to the state minimum such as a Senior Capstone or Senior Service-Project
- Courses must be college-level or non-remedial
- Courses must be nonreligious
- Students may take courses in subject areas that are not offered at high school as elective choices as long as they don't have undergraduate program entrance requirements or prerequisites

# Grades

- College Credit Plus grades earned in the college course is the same grade that will be on the high school transcript
- Grades will be factored into the high school and college GPA
- If a high school uses a weighted grading scale for Advanced Placement, International Baccalaureate, or Honors courses in a subject area,
  - then College Credit Plus courses in the subject area will be weighted using the same scale
- Students must complete End of Course exams for English, Math, and Science
  - School Counselors can inform students which college courses will exempt them from End of Course exams in other subject areas

# How many classes can students take?

**ONLY 30 COLLEGE CREDITS CAN BE TAKEN EACH ACADEMIC YEAR THROUGH CCP:**

**Formula: # of High School courses x3 and subtract that number from 30**

**Example:**

Student is enrolled for 3 secondary units at high school that include:

Band (1), Spanish (1), Chemistry (1)

3 HS Courses X (3)=9

30-9=21

Student is eligible to take 21 college credit hours during the current academic year

(Summer, Fall, Spring)

# What are differences between high school and college?

## Tests:

- High School: Tests are sometimes given weekly or at the end of the chapter
- College: Tests are generally fewer in number covering more material

## Study Time:

- High School: Required homework ranges between 1 to 3 hours per day
- College: Standard rule of 2 to 3 hours of homework for every hour spent in class (3 to 5 hours per day)

## Knowledge Acquisition:

- High School: Information provided mostly in-class. Out-of-class research is minimal.
- College: Coursework will generally require more independent thinking, longer writing assignments, and out-of-class research

CollegeCredit  
PLUS

## Other differences between high school and college?

### Parent Role:

- High School: Parents are strong advocates working closely with teachers and counselors
- College: Parent serves as a mentor and support for the student; the college views the student as independent decision-maker

The Family Education Rights and Privacy Act (FERPA)  
protects student education records

CollegeCredit  
PLUS

## What are the benefits of participating?

- Students can earn high school and college credits at the same time
- Students can get a “head start” on college degrees or certificates
- Students can experience college early to understand the expectations of college life
- Students can save tuition and textbook costs-BGSU also waives parking pass fee
- Students can take courses that are not offered at the high school such as Music, Philosophy, Theater, or Advanced History/Language
- Students can experience diversity by exposure to students of different ages, backgrounds, and beliefs
- Students can get involved on campus, attend athletic events, or use the Recreation Center

CollegeCredit  
PLUS

## Other benefits include support services for students

- College advisors provide course selection assistance
- Students can learn more about college degree requirements and how the classes they are taking apply to the degree check sheets
- Tutoring is free and includes almost all subject areas
- Students can utilize Career Services Office for help with creating resume or looking for internships
- Students with IEP's-Accessibility Services

[CollegeCredit](#)  
PLUS

## What are the cautions to be aware of?

- Leaving the high school can be a major social adjustment
- Transportation and separate academic calendars
- Time-management can be difficult
- If students fail or withdraw too late from a college course, the district may seek reimbursement for the tuition costs from the student/family
- The grades that students earn are on the college transcript forever
- If students perform poorly, they may be placed on academic probation or dismissal by the college
- If students fail or withdraw often, future financial aid may be impacted negatively

CollegeCredit  
PLUS

## More cautions to be aware of?

- On-Line Courses demand much more self-discipline and time-management skills
- Students must take notes in class during lecture time
- More time spent on reading, discussion in class, and critical thinking
- Group work can be difficult
- Very little time for socializing with friends
- Coursework is geared toward adult-learners and the idea of academic freedom
- Academic progress reporting is the responsibility of the student
- Grades earned in college courses get calculated into the high school GPA
- Student must check e-mail daily and Canvas account

CollegeCredit  
PLUS

# What about athletic eligibility?

Student athletes should:

1. Confirm their school is an Ohio High School Athletic Association (OHSAA) member
2. Learn the OHSAA requirements
3. Know that summer term CCP courses may not be used to bring a student into compliance with the OHSAA requirements for interscholastic athletic participation
4. If required, obtain grade progress report from college instructor

CollegeCredit  
PLUS

# What are the deadlines?

By April 1, 2018

- Students must complete the high school Intent To Participate form and return to the school –MY ADVICE-TURN IT IN TONIGHT!!!
- Check ACT and SAT dates
- Test early to meet college/university admission deadlines (if required)
- Check each college's deadline for admission
- Find out about assessment testing requirements
- Summer semester deadline will be early as classes usually start in May

CollegeCredit  
PLUS

# Will the course credits transfer?

- Certain general education and technical courses will transfer especially from one public college to another public college- private colleges may not take the credit-students are encouraged to do their “homework” and find out as they go through the Admissions process
- Students have the responsibility to check with colleges to confirm transferability and make sure they order their college transcripts when they finish CCP
- Students should check <https://transfercredit.ohio.gov/> for transfer info

# Next steps...

- **Students/Parents must notify the school of intent to participate by April 1<sup>st</sup> (to Student Services).**
  - *Intent to Participate* form must be submitted yearly, but students currently in CCP will not need to re-apply to their college to continue.
- **Decide if CCP is a right fit for you**
- **Apply to the college(s) you would like to attend by their deadline.**
  - Request your transcript be sent to the college along with any other forms needed
  - Have test scores sent to the college from ACT, if needed
- **Once accepted, make sure to follow the procedures outlined in emails/letters**
- **Attend orientation**
- **Schedule classes**

# Things to Keep in Mind

- CC+ allows for flexibility with graduation – College course counting toward HS grad. requirement; check with your Principal or Counselor first! Not every course will fit a requirement; eligibility and worst-case scenarios must be considered.
- Students need to allow for travel time between the college and high school when scheduling classes.
- Students may not miss any part of a high school class in order to make it to a college class – please schedule carefully.
- All books are the property of Lexington schools and need to be returned by the 5<sup>th</sup> day after a course has ended.
- Financial responsibility: Student's responsibility to pay for failed courses, or a class dropped after the drop period (14 calendar days after course begins).

THANK YOU!
